

# Curriculum Details

Jenkins On-Campus and Online MAC students have the choice of two tracks and three (optional) specializations.

	Public Accounting Track	Business and Industry Track
<b>Description</b>	The public accounting track will prepare students for a career in the public accounting profession, including passing the Certified Public Accounting (CPA) exam.	The business and industry track prepares students to pursue an accounting career in industry, and the Certified Public Accounting (CPA) exam and/or the Certified Management Accountant (CMA) exam.
